EFFECTIVE AGILE FUNDAMENTALS COACHING

IMMERSIVE AND LIVE VIRTUAL CONFERENCE AGILE FUNDAMENTALS BY ICAGILE COURSE.

We have designed our ICAgile Agile Fundamentals course to allow your teams, your leadership and the entire organization to fully grasp the value and potential of Agile.

Plus understand the reason behind the practices and are able to set their first steps towards Agile ways of working in any place of the organization.

ALL THE TOOLS AND SKILLS YOU MAY NEED

A **FORWARD FOCUSED** APPROACH TO AGILE **FUNDAMENTALS**

Our Unique course structure helps students learn the practices and tools step by step through experimentation and activities, discover the meaning and benefits of Agile.

COURSE OBJECTIVES

The ICP Agile Fundamentals course provides participants with a comprehensive understanding of the a**gile mindset** and foundational concepts, essential for navigating the complexities of modern business environments.

This course emphasizes the importance of incremental development and product **adaptation**, fostering flexibility and an innovative approach.

AFTER THIS ONLINE ICAGILE AGILE FUNDAMENTALS COURSE YOU WILL BE ABLE TO:

- Explain the thinking behind the **Agile Manifesto** and relate the ideas to their own experiences and context.

- Relate the important characteristics of the agile **mindset** to their own context and identify areas for individual growth.

- Apply **tools and techniques** to create a common shared understanding within a team or project context.

- Describe the differences between teams that are **self-organized** and those who rely on more management direction.

- Build a product **backlog** and identify what it should contain.

- Illustrate the implications of frequent interruptions vs. limiting WIP to different aspects of work, including technical delivery.
