- Systemic Coaching for Agile
- 14 hours coach training
- Duration : 2 weeks

THE
AGILE
COMPANY

EFFECTIVE SYSTEMIC COACHING

COACHING THE SYSTEM
FORWARD WITH FORWARD
FOCUSED SYSTEMIC
CONVERSATIONS

Build your system's awareness muscle that can serve your coaching skills and highlight the tools and practices you can use to coach the system forward towards high collaborative and effective relationships.

ALL THE TOOLS AND
SKILLS YOU MAY NEED

A FORWARD FOCUSED APPROACH TO SYSTEMIC COACHING FOR AGILE

In this course, you'll gain practical skills in systems thinking, strategic foresight, and cross-disciplinary collaboration. You'll learn to use analytical frameworks to understand complex systems outside your immediate work area and explore the impact of emerging technologies. This will prepare you to better navigate and influence the broader factors that affect your industry.

COURSE OBJECTIVES

DEVELOP THE SKILLS TO COACH ON ADOPTING AGILE PRACTICES, TAKING INTO ACCOUNT THE WIDER SYSTEM DYNAMICS AT PLAY.

The **systemic** coaching course designed by The Agile Company doesn't on one particular framework or school of thought, it will instead focus on the underlying source behind these frameworks and ideas to allow you to walk away with an array of tools, new awareness of how the system influences and is **influenced**.

But also how to help teams, organizations and leadership see their own intervention more clear to build and maintain **healthy relationships** towards a sustainable agile transformations.

- Work with Complex adaptive systems to allow the system to see and hear itself, built action plans for course correction and growth.
- **Analyze a system** in your organizational context, explaining its voice, needs, perspectives, concerns, and recommend an approach for coaching that system.
- Demonstrate **going through** a full coaching conversation with a system for a hypothetical or real-world scenario.
- Demonstrate listening to the whole of the parts as one voice, finding the connection that binds them and explain how to help create awareness in the team of their own growth, development and future spective.
- Coach Agile Teams, Organizations and individuals in Agile organizations **using a Systemic coaching** approach spanning multiple frameworks.
- Develop knowledge related to Agile principles and methods.

ALL THE TOOLS A SYSTEMIC AGILE COACH MAY NEED

HANDS-ON EXPERIENCE

The ICP-SYS Certification course offered by The Agile Company is the most comprehensive and practical Agile systemic course available.

AGILITY AND COACHING

Created and taught by expert Agile Coaches, this course takes you deep into the world of Systemic Coaching and, focusing on enabling systems to evolve towards high performance in Agile practices.

EXPLORE CAPABILITIES

Learn to differentiate and apply the roles of systemic agile coach. Systemic coaching will sharpen your facilitation, coaching, and training abilities through hands-on practice and mentorship.

UNDERSTAND TEAMS

Understanding the root causes of resistance allows you to design better strategies for organizational development. By creating a systemic roadmap, you can address the needs of the entire system - including clients, and the organization itself - ensuring that your development initiatives are comprehensive and aligned with overarching goals.

As we progress through the sessions, we build up our personal toolkit of adaptable skills and techniques with a solutions focus.

CHANGE AGENT

We equip you with forward-focused systemic coaching strategies to help individuals and teams navigate and embrace change. You'll gain tools to tackle challenges at multiple system levels, laying the groundwork for a successful framework in Systemic Coaching for Agile.

WE PROVIDE A RANGE OF RESOURCES, INCLUDING:

- Hosting in a dedicated online training room (Zoom)
- Access to The Agile Company community
- Access to the private cohort group
